RAW LOUNGE TABLE FURNITURE / LIGHTING / ACCESSORIES

Jens Fager on the design "RAW is a product family based on rough and intuitive interpretations of iconic every day objects. Every piece is unique because they are all made of a piece of wood carved by hand with a band saw machine. With strong yet iconic look they can easily be placed anywhere in a home, in an office or in a restaurant." Jens Fager on the design.

PROCESS Every Raw chair is hand carved out of solid pine wood and glued together. The surface structure is made by band saw and then painted.
